Business Conference - 2012
The Biology of Business :Why Relationship Matter

ABOUT THE SPEAKER:

Dr Elisabet Sahtouris

Elisabet Sahtouris, Ph.D. built part of her brilliant career on observing the parallels between Nature and human systems such as business. She is an internationally known American/Greek evolution biologist, futurist, author, professor and business consultant, a member of the World Wisdom Council and a fellow of the World Business Academy.

After a post-doctoral NIH fellowship at the American Museum of natural History in New York, she taught at UMass and MIT, worked on the NOVA/Horizon TV series and was a UN consultant on indigenous peoples. Born in the US and living in Spain, she also lived extensively in Canada, Greece and the Peruvian Andes, discovering solutions to social and economic problems in Earth's ecosystems and indigenous sciences.

Dr. Sahtouris also convened two international symposia on the foundations of science in Japan and Malaysia. Her venues have included The World Bank, EPA, Boeing, Siemens, Hewlett-Packard, Tokyo Dome Stadium, Australian, New Zealand and Netherlands National Govts, Sao Paulo's leading business schools, University of Malaya, State of the World Forums (NY, San Francisco and Brasil) and World Parliaments of Religion. Her books include EarthDance: Living Systems in Evolution; A Walk Through Time: from Stardust to Us and Biology Revised (with Willis Harman). See www.sahtouris.com
